

GROUND FLOOR REAR SIDE INFILL EXTENSION

NOW FIRST LIMITED

GROUND FLOOR REAR SIDE INFILL EXTENSION

Size: 12m²
Budget: unknown
Status: Completed 2023
Type: Residential

The property was extended to transform a cramped galley kitchen into an open plan kitchen and dining space

The existing property is part of victorian terrace with an existing two storey 'outrigger' to the rear. One of the side walls of the rear outrigger was demolished and steelwork designed to support the level above.

A strip of structural glass was used to bring light into the space.
